NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fall. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, while the stomach and its associated organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the stomach will be a consequence of "weak" stomach which will be distributed among the organs which compose the body. If the body is weak, because of a weak stomach, that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Dr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy in my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery, and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve. I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicine, recommended to be 'just as good'."

To gain knowledge of your own body in sickness and health—read for the People's Common Sense Medical Adviser, a book of 1000 pages. Send \$1.00—one-cent stamps for paper-covered, or \$1.50 for cloth-bound copy. Address Dr. R. V. Pierce, 603 Main Street, Buffalo, N. Y.

ECHOES OF THE STORM.

According to reports which have been received at the Navy Department, the storm at Pensacola was much worse than had been thought. One thing illustrates the severity of the storm. The gunboat Machias, lying in what is known as the "drydock basin," where 30 or 40 years ago a drydock was moored, was picked up by the great rush of water, carried across the entire navy yard, passed over the surrounding wall and was finally deposited outside the government reservation, a third of a mile from where she was anchored before the storm broke. The wind at one time was 100 miles an hour, and for nearly two whole days maintained an average of 75 miles an hour. The house of the paymaster of the yard was destroyed. Three or four small vessels, tugs and coal lighters were carried up from the water into what is now dry land. The whole yard was covered with eight feet of water.

A dispatch from New Orleans says the deaths of Lighthouse Keepers Neil Nelson and Andrew Hunson, and the washing of their lighthouse into the sea is reported by Lighthouse Inspector Sears. This makes six lives known to have been lost in the wrecking of the sound lighthouse alone. Mr. Sears also reported six beacon lights destroyed and Ship Island lighthouse ruined. Fourteen dead and as many more missing is the result of Thursday's hurricane in the vicinity of New Orleans. Twelve persons were drowned in Mississippi Sound, two were killed in interior towns of southern Mississippi, and more than a dozen fishermen are reported missing in the Delta region of the Mississippi river south of New Orleans.

Bayard, Fla., and vicinity suffered terribly in the hurricane. The tide rose 10 feet above ordinary high tide and the water floors of all the immense sawmills were from four to five feet under water. The water in the road between there and Milton is 10 feet deep in many places. The streets are blocked with fallen trees and debris, and all electric light and telephone wires are down. The damage at all the mills is heavy, and it will be many days before they can resume operations.

At the Bay Point and Robinson Point Mills, there and five miles from Bagdad respectively, the loss will be very heavy. The Robinson Point Mill was completely wrecked, besides the loss of lumber and logs will amount to thousands of dollars. At Bay Point the office and store are wrecked, and a lot of the goods floated away and were found on the beach at Bagdad.

A second storm flooded Mobile yesterday and many fled in fear of another hurricane. There was great havoc by the heavy rainfall. Increased losses are reported, due to four-inch rainfall on hundreds of unroofed warehouses. The toppling structures were weakened by the deluge. Citizens were nervous over indications of another blow and feared to go to bed.

At 10:30 o'clock last night a storm was according to the Mobile forecast, approaching from precisely the same direction as the hurricane of last week. The barometer, which had been steady all day, was beginning to fall, and a heavy drizzle which, when accompanied by a declining barometer, is said by seamen to be invariably followed by a high wind, was falling.

Charged with Having Five Wives. The President of the Mormon Church, Joseph F. Smith, was arrested and bound over to the District Court in Salt Lake City yesterday on the charge of living unlawfully with five wives. The complaint was sworn to by a Mormon deputy sheriff, the warrant was served by order of a Mormon sheriff, and the committing magistrate is also a Mormon.

President Smith was arraigned immediately after his arrest, and waived preliminary hearing. After being bound over, he was released on his own recognizance.

President Smith reached Salt Lake two days ago on his return from Europe. He there learned that an attempt had been made to secure his arrest for a statutory offense in connection with the birth of his forty-third child. The complaint was made from a distinctly anti-Mormon source.

The county attorney refused to approve a prosecution on this charge. The attorney was then cited to appear in court and show cause why he should not be compelled to act in the matter.

After the hearing the court held that the attorney was justified in refusing to prosecute, because the complainant offered no evidence that the mother of the child was not the wife of President Smith.

Human Blood Marks. A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bae, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by E. S. Leonard & Sons, Druggists, 600 and 1100, Trial bottle free.

WEAR HOLEPROOF HOSIERY.

Guaranteed to wear six months without holes. There are many brands of hosiery on the market that look just as good as Holeproof before they are worn, but in mere looks do they resemble Holeproof. The wonderful durability and wearing qualities of our famous brand are not discovered by casual examination; you must wear Holeproof Hosiery to know its real value; this is the only right test. If you buy hosiery on account of its good appearance then you should buy Holeproof because there is no finer looking hosiery made anywhere. We guarantee every pair to wear six months without holes. Its equal never known before.

JEWELRY.

Going Housekeeping?

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver-plated knives with steel blades.

Your sideboard is hardly complete without a silver set. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a travelling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many tricks to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night it is a good place to keep the watch and Z-K Gold Chain.
